SMART ENERGY CHOICES

At home

- * Plant shade trees around your home
- * Don't overuse the heater or air conditioner
- * Use warm or cold water instead of hot
- * Don't run the dishwasher unless it's full
- * Turn off lights and electronics when not in use

On the road

- * Go the speed limit
- * Remove unnecessary cargo
- * Park the car and go inside; don't use the drive-through
- * Use cruise control
- * Car pool, ride your bike, or use mass transit

At the store

- * Buy local foods
- * Choose recycled products
- * Get reusable containers
- * Select minimally packaged goods
